FIRELESS COOKERY

Ancient Egyptians cooked their eggs without fire by placing them in a sling and then applying a violent rotary motion.

In this way the eggs were heated and cooked by the friction of the air through which they passed.

How very crude, when compared with the modern methods in vogue at CHILDS, where eggs are cooked to the customer's taste.

Is the old-style metal bed as cheap as it looks

THE thoughtful housewife admits that many an apparent "saving" proves anything but economical in the end.

One of the poorest of these false economies is the cheap metal bed. Unsteady, noisyits rattle and squeak defeat the very purpose of a bed, preventing complete relaxation.

A Simmons Metal Bed will cost you just about what you would expect to pay for a "high grade bed."

For sleeping quality there is nothing to compare with it. Nothing so steady and noiseless -nothing that so entirely invites nerve and muscle to relax, promoting deep, natural sleep.

In every room shared by two persons, Twin Beds, by all means! One sleeper does not disturb the other or communicate colds or other infections.

And you will find nothing so exquisite as the charming Simmons designs, such as-
